Rupert from his experience as a teacher at a local school got to know many of the area's problems. Dave has been actively campaigning since moving to the area. Jordan is a local man who has lived and was educated in Leyton and Leytonstone all his life. He comes from a well known local campaigning family.

### **Taking up local issues**

**Focus says:** "Rupert, Jordan and Dave's record of working for people in the area is second to none. They keep in touch every month, every year. **Not just at election time, unlike local Labour councillors that haven't been heard from in the last four years.**"

**Rupert Pickering** first moved to Waltham Forest 3 years ago and worked as a teacher in the Borough. He now lives in the south of Walthamstow and works for TfL. Rupert is campaigning to stop the construction of 4 luxury tower blocks over Selbourne Park, and to improve access to good quality, affordable housing.

**Dave Sherwood** moved to Waltham Forest in 2016 and has campaigned in the last general election. Dave is the CEO and Co-Founder of London based software firm Bibliotech which employs 15 people and is making eTextbooks more accessible and affordable. Dave wants to see an active council that listens to local residents and works for them!

**Jordan Sullivan** has lived in Leyton and Leytonstone all his life. He was educated locally at Cann Hall and Leytonstone Schools and is graduating from Sheffield University this year. He is delighted to be one of the candidates standing in Forest Ward where he lives in Lea Bridge Road. He has been a campaigner for most of his life, and delivered Focus at an early age. # Leyton Green Tower – lift breakdown danger?

Focus Team member Rupert Pickering with Mr Mohammad, who was trapped in the lift

The Focus Team has found out that when people are stuck in the lift the emergency alarm does not contact an emergency service but L&Q Housing Association customer services which is not staffed after office hours! A resident, Mr Mohammad, who was stuck in the lift, had to use his mobile phone to call the emergency services. In the recent cold snap if

he hadn't a mobile phone he would have been in real trouble.

The Focus Team is taking this problem up with L&Q.

## Poppleton Road and Forest Glade – parking problems

When knocking on doors recently the Lib Dem Focus Team was continually told that since nearby Colworth Road CPZ came into force residents had difficulty in parking their car in the road. To judge the overall residents' support for a CPZ the Focus Team did a door to door survey. The results were overwhelming, showing that over 70% had problems parking and over 80% wanted a CPZ in their road. The team has sent these survey results to the Council asking when a CPZ consultation with residents will be carried out. Focus will keep you informed of developments.

## Focus Action

**Success – Colchester Road lights are now off!**

The Lib Dem Focus Team and local residents' campaign to get the Council to stop wasting money by turning off the street lights in the day, may, after nearly two years, prove successful. Having been told that it would all be done by last November it is surprising that a resident has just told us the lights in Colchester Road have at last gone out in the day.

Lib Dem member Dave Sherwood says: "I suppose you can say all's well that ends well – but, how much has the taxpayer paid, for two years of lights on all day and night?"

**Dangerous junction – Matlock Road and Leyton Green Road**

Following residents' concerns about the dangerous nature of the junction in and out of Matlock Road from Leyton Green Road, Lib Dem Focus Team member Rupert Pickering has asked the Council to look into making the junction safer. Focus will report developments.
